

KBBE-2013-07-GA 603121 DIVERSIFY-Financial

Annual Coordination Meeting, UNIBA, Italy
4-6 November 2014

Exploring the biological and socioeconomic
potential of new/emerging candidate fish species
for the expansion of the European aquaculture
industry

1

This is the presentation given at the ACM 2014, Bari, Italy on financial management issues. It contains information that can help YOU and/or your financial department fill up the Financial Reporting data required by the European Commission.

For advice on financial Issues, consult the following publication of the European Commission,

“Guide to Financial Issues relating to 7FP indirect actions”

also uploaded in the website of DIVERSIFY (www.diversifyfish.eu/ INTRA/EU Support documents).

 **Participants portal** (<https://ec.europa.eu/research/participants/portal/desktop/en/home.html>)

Must allocate Project Financial Signatory!!

- Every partner must define Project Financial Signatory (PFS) for the project!!! (apart from their organisation)
- Participant Contacts (PIs) define Roles for their organisation
- LEAR defines Financial Signatory for the organisation and the PI (Participant Contact) defines PFS for the project

2

Some partners have not defined their Project Financial Signatory (PFS), and must be done as soon as possible. This is probably going to be the same as the **Partner** Financial Signatory, which was defined by the LEAR, but it has to be done for each project the Partner is participating.

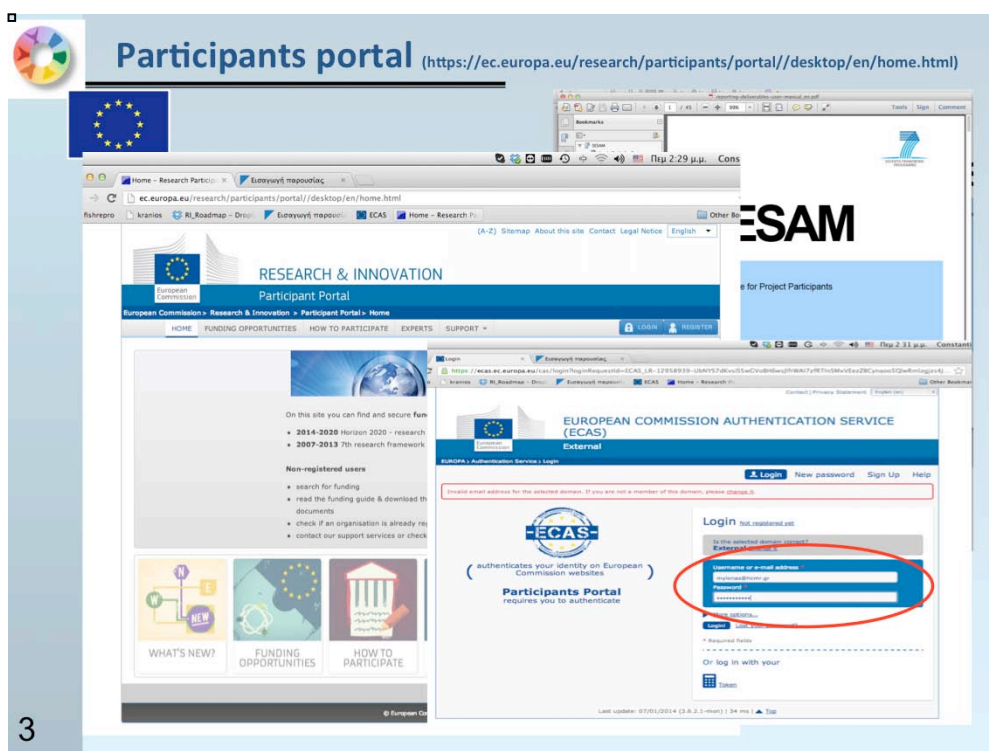

The PFS is the one that will submit all Financial Reporting Data to the Project Coordinator, who is the only one that will be able to submit the information from ALL PARTNERS to the European Commission.

ALL Financial information (Form C) is filled electronically through the Participants Portal.

For advice on financial Issues, consult the following publication of the European Commission,

“Guide to Financial Issues relating to 7FP indirect actions”

also uploaded in the website of DIVERSIFY (www.diversifyfish.eu/ INTRA/EU Support documents).

ALL Financial information (Form C) is filled electronically through the Participants Portal. Consult the SESAM guide if you need information, or ask the Project Coordination team.

Each Principle investigator from each Partner has been given access codes at the beginning of the project.

For advice on financial Issues, consult the following publication of the European Commission,

“Guide to Financial Issues relating to 7FP indirect actions”

also uploaded in the website of DIVERSIFY (www.diversifyfish.eu/ INTRA/EU Support documents).

Participants portal (<https://ec.europa.eu/research/participants/portal/desktop/en/home.html>)

The screenshot displays the 'RESEARCH & INNOVATION Participant Portal' interface. A table lists project details, with a yellow 'PC' button in the 'ROLES' column highlighted by a red arrow. The table data is as follows:

ACRONYM	CALL	PROG	PROJECTID	ROLES	PHASE	ACTIONS
DIVERSIFY	FP7-KBBE-2013-7 single-stage	FP7	603121	PC	Active	AA AN BP PR RO PC

Legend: AA Access Agreement, AN Access Negotiation, BP Manage Project, PR Financial Reporting, RO Reporting & Deliverables, PC Project Consortium.

ALL Financial information (Form C) is filled electronically through the Participants Portal.

Each Principle Investigator (PI) from each Partner has been given access codes at the beginning of the project.

To allocate roles to different persons in your organization, the PI can do this through the Participants Portal, by selecting the PC button (yellow).

Participants portal (<https://ec.europa.eu/research/participants/portal/desktop/en/home.html>)

Each partner allocates roles!!

The screenshot displays the 'RESEARCH & INNOVATION Participant Portal' interface. It shows a list of roles for the organization 'LEOPOLDS ATHENS SOUND 46 70N - 19013 - ATTIGA JAWASSOS, EL'. The roles include Primary Coordinator, Task Manager, and Team Member. A red arrow points to the 'Add Roles' button in the top right corner of the role list. Another red arrow points to the 'Add Roles' button in the detailed view of a role on the right side of the screen.

5

ALL Financial information (Form C) is filled electronically through the Participants Portal.

Each Principle Investigator (PI) from each Partner has been given access codes at the beginning of the project.

Select the "Add Roles" button and provide the name and email of the person you want to add. They will then receive a notification from the EU with their access codes for the Participants Portal.

FINANCIAL ISSUES

- Electronic **only** submission (statement)
- Pre-financing (35%+5% s (based on actual accepted max 90%), Final (≥10%)
- Above 375,000 of EU conf financial statements (CFS, 375,000!)
- Keep a separate “account” accounting system, to be a
- **One Partner’s error, will whole consortium!!!!**

6

ALL Financial information (Form C) is filled electronically through the Participants Portal.

Each Principle Investigator (PI) from each Partner has been given access codes at the beginning of the project.

**Form Cs must be submitted together from PC for all partners!!!!
So, if someone is late, all will be late...**

For advice on financial Issues, consult the following publication of the European Commission,

“Guide to Financial Issues relating to 7FP indirect actions”

also uploaded in the website of DIVERSIFY (www.diversifyfish.eu/ INTRA/EU Support documents).

Modifications are possible without amendments

from partner to partner

from activity to activity

from category to category (no % restriction)

But only provided there is no impact on the DOW.

Prior consultation with EC is preferred, to avoid problems during validation, which may result in expenses not be approved (and hence not reimbursed) by the European Commission.

VAT is not eligible!!!!!!!!!! All amounts approved and shown in the DOW should be the cost not including the VAT!!!!

FINANCIAL ISSUES

9

Respect you budget as it was agreed in the DOW and is shown in the appropriate forms, as well as in Part B of the DOW (See DOW, Part B, Resources to be Committed, pages 119-170), for each partner (see above example from one partner).

The durable equipment (specifically), travel (general purpose and amount), subcontracting (specifically) and consumables (general type and amount) were agreed in the DOW and must be respected.

The claimed person/man Months must agree with the work carried out during the reporting period (0-12 Mo), and which should have followed the schedule presented in the Gantt chart that is included in the DOW (DOW, Part B, Pages 34-37) and which is also available in the DIVERSIFY website (www.diversifyfish.eu/INTRA/DOW,GA,CA).

If no work was planned for a Work Package during this reporting period, and no worked was carried out, then **you should not claim any Personnel costs and person/man months** during this period. If no work was planned in the Gantt, but for some reason you did work during this period, then you can **claim both Personnel costs and person/man months**, but you should **also explain this deviation in the Scientific Report**, under the specific headline for this Work Package (see also presentation for Scientific reporting)

FINANCIAL ISSUES - subcontracting

Section 3, Article II.7 subcontracting

Guide to Financial Issues relating to FP7 Indirect Actions

Version 18/03/2013

SEVENTH FRAMEWORK PROGRAMME

- **Subcontracting**
 - Must have been approved in DOW, or
 - Framework contracts (routine tasks such as auditing)
 - “Minor tasks” don’t have to be approved in DOW:
 - Small amounts, non “research” activities (e.g., catering for a meeting, printing material, website production, servicing equipment, etc.)

13

Subcontracting must have been approved in the DOW (see more details later). Some subcontracts are allowed without prior approval, if it regards routine contracts or minor tasks, such as courier services, equipment maintenance and repair, etc.

For advice on financial Issues, consult the following publication of the European Commission,

“Guide to Financial Issues relating to 7FP indirect actions”

also uploaded in the website of DIVERSIFY (www.diversifyfish.eu/ INTRA/EU Support documents).

VAT is not eligible!!!!!!!!!! All amounts approved and shown in the DOW should be the cost not including the VAT!!!!

FINANCIAL ISSUES – “other” costs categories

- **Other direct costs**
 - **Durable Equipment (specified exactly in DOW)**
 - **Traveling (specified amount in DOW)**
 - **Consumables (specified amount in DOW)**
 - **Other**
 - **Includes expenses that do not fit into the other categories (catering, services, postage, courier, etc.)**
 - **Computing (???)**

14

Other Direct costs are separated into five categories:

Durable equipment

Travelling

Consumables

Computing (not sure what this is!)

Other (various expenses that do not fit to the above categories, including repairs and servicing of equipment)

For advice on financial Issues, consult the following publication of the European Commission,

“Guide to Financial Issues relating to 7FP indirect actions”

also uploaded in the website of DIVERSIFY (www.diversifyfish.eu/ INTRA/EU Support documents).

VAT is not eligible!!!!!!!!!! All amounts approved and shown in the DOW should be the cost not including the VAT!!!!

Guide to Financial Issues relating to
FP7 Indirect Actions
Version 18/03/2013
SEVENTH FRAMEWORK
PROGRAMME

- **Durable Equipment**
 - Eligible for time used in project. The amount of use (percentage and time) must be verifiable!
 - Depreciation according to usual practices of partner
 - 3 years for PCs,
 - 5 for other equipment

15

Durable equipment must have been declared and approved in the DOW (See DOW, Part B, Resources to be Committed, pages 119-170).

For advice on financial Issues, consult the following publication of the European Commission,

“Guide to Financial Issues relating to 7FP indirect actions”

also uploaded in the website of DIVERSIFY (www.diversifyfish.eu/ INTRA/EU Support documents).

16

Traveling (amount and general purpose) must have been declared and approved in the DOW (See DOW, Part B, Resources to be Committed, pages 119-170). **Each trip for each person**, must be declared separately in the Financial Reporting, together with a brief explanation of the purpose of the travel. We have prepared an EXCEL sheet to help you track the traveling of personnel in your organization, which will then be used by you or your financial services to fill up the information required in the Participants Portal.

In the case of traveling, the EU will only check if the travel was actually done (boarding passes) and if it was according to the objectives of the project. There is no need to present receipts of hotels, tickets, buses, trains, restaurants, etc. BUT, we checked with our accounting office and they **DO REMOVE VAT** from the total claimed amount for each trip. Your accounting should decide what to do. If the VAT is shown on the receipt, I suggest you exclude it from the claimed amount.

FINANCIAL REPORTING (ec.europa.eu/research/participants/portal)

RTD - other indirect costs

Other Direct costs are separated into five categories: Durable equipment, Travelling, Consumables, Computing (not sure what this is!) and Other (various expenses that do not fit to the above categories, including repairs and servicing of equipment))

Durable equipment should be entered separately in the forms (one row, or entry per equipment). Indicate in which **Work Package(s)** – can be more than one WP-- the equipment will be used.

Traveling must be entered for **each trip and for each person** separately in the Financial Reporting, together with a brief explanation of the purpose of the travel. Use the EXCEL sheet we showed earlier to fill up the information required here. There is no need to identify separately the travel expenses (i.e., tickets, buses, taxi, hotel, per diem, restaurants, etc). Just put the whole amount that each trip has cost (**excluding VAT if shown in the receipts**). The EU will only check if the travel was actually done (boarding passes) and if it was according to the objectives of the project.

Consumables should be grouped together, giving a brief description of the different types of consumables (see example in slide) and the **Work Package(s)** – can be more than one WP-- where they were used.

Other expenses should be grouped together, giving a brief description of the different types of consumables (see example in slide) and the **Work Package(s)** – can be more than one WP-- where they were used.

FINANCIAL REPORTING – time schedule

All Agree???

- **Complete submission before Christmas-inform financial services of your organization**

It has been **agreed by all partners** that we will complete both the Scientific and Financial Reporting **before the Christmas Holidays**.

The form C (Financial statements) **must be completed by each Partner** and submitted to the Program Coordinator **by 10 December 2014**.

If possible, avoid making expenses after 20 November 2014, to allow all invoices to reach and be process by your accounting services.

PLEASE RESPECT THE DEADLINES to be able to submit before Christmas. This will speed up the evaluation process and the **payment of the second installment**.
